

NORDIANA SAHIRA BINTI NORIZAN

Data Analyst | Information Systems | Data & Technology

01127599974 | Nusajaya, Johor, Malaysia | nordianasahira1002@gmail.com | [linkedin.com/in/nordiana-sahira/](https://www.linkedin.com/in/nordiana-sahira/) | github.com/Dodidee | website-resume-diana-main.vercel.app/

PROFESSIONAL SUMMARY

Data Analyst with experience in **data analysis, data validation, system implementation and project coordination**. Experienced in **extracting, cleaning, transforming and analysing datasets, preparing reports and dashboards, and performing data quality checks**. Also experienced in **coordinating Sprint, SIT, UAT, FAT and data migration activities** across government technology projects, with strong stakeholder and vendor coordination skills.

PROFESSIONAL EXPERIENCE

ICT@Johor

Junior Data Analyst

Iskandar Puteri, Johor

April 2026 – Now

- Manage project implementation activities for the Johor Land Revenue System (SHTJ) and JohorPay, ensuring delivery aligns with defined timelines, scope and quality requirements.
- Coordinate with vendors, end users and multiple stakeholders to support smooth project implementation and resolve project issues.
- Monitor project performance through proactive risk, issue and mitigation management.
- Coordinate **Sprint, SIT, UAT, FAT and data migration activities** to support system readiness and successful implementation.
- Perform data analysis and validation for the Bantuan Kasih Johor (BKJ) project to support **data verification, reporting and decision-making**.
- **Extract, clean, transform and analyse datasets** from multiple sources to identify data inconsistencies, trends and key insights.
- Prepare **data summaries, reports and dashboards** to communicate findings and support management decision-making.
- Conduct data validation and quality checks to ensure data accuracy, completeness and consistency.

Pejabat Pengarah Tanah dan Galian (PTG) Johor

Personel MySTEP (Setaraf Ijazah)

Iskandar Puteri, Johor

February 2025 – March 2026

- Provided technical support and maintenance for departmental systems, including Carian e-Strata Online, SBKS and eLCM, ensuring system functionality, performance and availability.
- Performed **system monitoring, troubleshooting and technical issue resolution** to support day-to-day operations and minimise service disruptions.
- Supported system development and enhancement activities by **analysing user requirements, identifying technical issues** and coordinating necessary improvements.
- **Designed digital** materials, including **posters, graphics and videos**, for departmental announcements, awareness campaigns and official initiatives.
- Managed official digital communication channels and published system-related information, announcements and updates.

Department of Statistics Malaysia, Johor

Data Processing & Validation

Johor Bahru, Johor

August 2024 – December 2024

- Performed **data entry**, validation and verification to maintain data integrity and ensure the accuracy of information prior to submission and official storage.

- **Collected and analysed data from more than 10 locations** through interviews and observations to obtain accurate, complete and reliable datasets.
- **Conducted data cleaning and quality checks** by identifying missing, inconsistent and inaccurate information and performing the necessary corrections.
- **Analysed datasets to identify patterns**, discrepancies and trends, supporting accurate reporting and informed decision-making.
- Prepared and organised data summaries and reports to facilitate data review, analysis and management reporting.

EDUCATION

Universiti Teknologi MARA (UiTM)

Bachelor of Information Systems (Hons.) Information Systems Engineering

Jasin, Melaka

March 2022 – July 2024

- CGPA: **3.17/4.00**

Universiti Teknologi MARA (UiTM)

Diploma in Computer Science

Jasin, Melaka

July 2019 – March 2022

- CGPA: **3.40/4.00**

AWARDS & ACHIEVEMENTS

-
- Best Poster Award – Final Year Project *29 February 2024*
 - [1st Place](#) – Mini Project Data Hackathon *19 September 2023*

LANGUAGES

-
- English – Proficient in formal and informal speaking and writing
 - Bahasa Melayu (Malay) – Proficient in formal and informal speaking and writing

CERTIFICATIONS

-
- [Data Analyst with Python](#) – DataCamp *September 2023*
 - [Data Scientist with Python](#) – DataCamp *September 2023*

EXTRACURRICULAR ACTIVITIES

-
- **Contingent Member** | Departmental Marching Team *31 August 2025*
 - **Vice President** | PEERS Club, UiTM Jasin *12 February 2024*
